## Steps

1. Click the Settings icon in the left navigation menu.

2. In the General section, click the Delete button under Advanced.

3. In the modal that appears, enter DELETE and then click the Yes, Delete button. This deletes your project successfully.

Delete Project

You are about to delete the project, **LaunchGatsbyDemo**.
All the content stored within the project will be deleted permanently. This action cannot be undone. Are you sure you want to delete the project? If you are certain, type 'DELETE' and click 'Yes, Delete'.

Delete Project*

Enter 'DELETE'

No, Cancel   🗑 Yes, Delete
